FAQ

- **What if I am unable to take a required UVU GE course while completing my Snow College AA/AS degree?**

Snow students should pursue Snow's AS/AA degree and not try to match UVU's AS/AA. We will help you work all that out when you get here!

- **Will I have to repeat GE classes at UVU if I transfer with an AA/AS from Snow College?**

GE waivers will be requested for Snow students who transfer to UVU with a **completed** Snow AS/AA degree. An AA/AS degree earned at any USHE institution will meet the General Education requirements of UVU. The degree must include equivalents of UVU's English, Mathematics, and American Institutions requirements or you will have to fulfill these requirements separately.

- **What happens if I transfer from Snow to UVU without a completed AS/AA degree?**

Students transferring to UVU without a completed AS/AA will still need to complete any unmet GE and Pre-program courses required for the UVU AS degree in Pre-Elementary Ed before they are eligible for program admission to the BS in Elementary Education.

- **Will my Pre-Elementary Ed courses be waived if I have an AS degree from Snow College?**

We review the Pre-Elementary Ed courses independent of an AS/AA degree. If you did not take their equivalents at Snow you will need to take them at UVU.
