This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.pehp.org or call 1-800-765-7347. Important Questions	Answers	Why this Matters:
What is the overall deductible?	**$350** person/**$700** family for network providers and out-of-network providers. Doesn't apply to network provider visits or preventive care received from network providers.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, they have to meet their own individual deductible until the overall family deductible amount has been met.
Are there services covered before you meet your deductible?	Yes. Some network provider visits or preventive care received from network providers are not subject to the deductible.	This plan covers some items and services even if you haven't yet met the annual deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No	You do not have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	**$3,000** person/**$6,000** double/**$9,000** family for network providers. No out-of-pocket limit for out-of-network providers.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, and healthcare this plan doesn't cover. See Benefits Summary.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.pehp.org or call 1-800-765-7347 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (a balance bill). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No	You can see the specialist you choose without a referral.
